Presidents report.

The drought seems to have broken....I hope everyone was safe and dry during the weekend. We have had a couple of well attended club afternoons and mid week events since the last newsletter. Its good to be back at the school and finally getting the heating sorted. This next meeting will include the AGM so hope you can all attend.

Until then, happy playing and see you at the mid year dinner on the 25th at the Honest Lawyer.

5th June was a cold miserable afternoon and unfortunately the school hall was very cold no heaters going. Warren put a few heaters amongst us all so that helped a little. But cold or not we had some great music. Some examples were "Puppet on a String" from Rae. "Somewhere my Love" Margaret. We had "Santa Lucia" "Vienna Waltz" "Serenade of the Bells" Carole played with some great sounds without drum beat. Bob Hancock gave us some "Glen Miller tunes " such as "Chattanooga Choo Choo". Colleen played with Warrens help. Warren is amazing he helps us all when needed, many thanks to you Warren. Then Warren finished with some Classical pieces with arpeggio sounded lovely. We all needed a hot cup of tea to warm up before heading home. Another great musical afternoon was had by all hosted by Warren.

19th June. It was a terrible wet afternoon but Colleen made sure the hall was lovely and warm for us oldies. About 14 of us ventured out in the winterey conditions. However once inside, the music started to roll. Warren livened the place up and then it continued. Wayne played some lovely Classical music on piano, ever so nice, a pleasant change from the Keyboard style. Others played a selection of Jazz etc. The afternoon went quick because we were late getting started with it being so wet.. Then we had our afternoon tea break always a great spread with lots to talk about. We finished up earlier than usual owing to the weather so as to get home out of the pouring rain. Apart from the dreadful weather we all had a very nice afternoon as usual. Thank you Colleen for such a great effort on a very wet winters day.

Rae.

3rd July.

Club afternoon was hosted by Peter Holland and it was a really interesting afternoon. We were treated to lots of advice about fire safety. Peter gave us all some very helpful pamphlets on fire safety. We had some great music and between each member playing he told us about the important things we needed to know about fire.

Some lovely tunes such as "Island in the Sun" "Pretend" "Hey Jude" "Something Stupid" and many more. Bob entertained 'us with Theatre Organs Sounds "Down by the Seaside" then an amazing violin sound and played a Gracey Field piece "Sally". Maureen played the club organ with "Sunny side of the street". Warren played some Classical pieces on club organ also.

The Hall was nice and warm, and the afternoon went by very quickly. It was a very entertaining afternoon. Many thanks to Peter for making it so great.

LETS LEARN ABOUT EACH OTHER.

To make our newsletters more interesting, how about writing out a little history of how your musical journey began or progressed - ie did you plunk away on Grandma's piano and learn to play by "ear", or have lessons, play in a band, yearn to be Liberace, etc. Or maybe just what types of music or artists you particularly enjoy. Give it a go and let's learn a bit more about each other.

15th July. What a lovely welcome we had to Jan's very nice home. 11 members were able to visit. Its always good to see Marion there. Variety of music from those that played and a trial of one Warren did. It was very unusual as most of the melody was one or two notes. The base was the "key". I think it was called cherish.

As usual a very nice afternoon tea but not always good for the waist line !!! Thank you Jan.
